

# Online Course

Presented By Anna Buck,  
Founder and Owner of Anna's House LLC

## Anna's SOUND Bits

# A reading, spelling and writing curriculum based on developmental growth

Join us for an opportunity to learn about the curriculum Anna developed from 25 years' experience of teaching reading, spelling and writing to children of all ages and of varied abilities. Anna will introduce the curriculum and demonstrate its benefits as well as how to use it with different ages and abilities.

"I don't know what it is about your therapy and curriculum, but I have to say that it works and I love it!...When you suggested your curriculum, I was skeptical, as we have tried many similar programs. You may recall me saying to you that I would be forever grateful if this program worked, and you said, 'It will work.' Well, I must say that I agree! I introduced Lesson 6 to my son today. Not only did he spell every work correctly with the exception of one bonus word, it seemed easy to him. Homeschooling is fun again! Thank you very much!" ~Lori C., Erie, CO

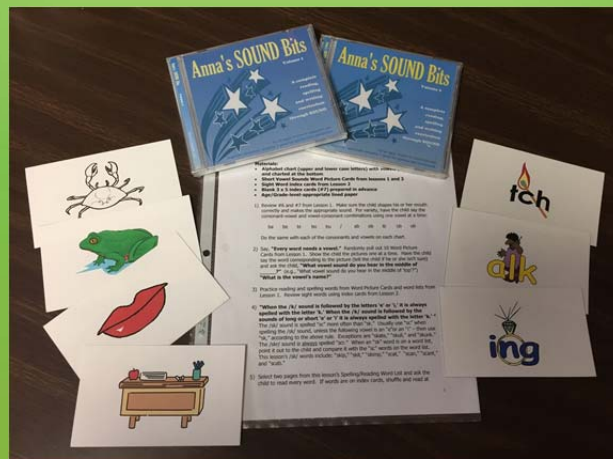

"In addition to phonics, [Anna's SOUND Bits] integrates writing and dictation skills into the curriculum so that the children apply their reading/spelling skills immediately. It has been awesome to see all three skills (reading, spelling and writing) progress all at the same time! But the confidence that my daughter attains with each lesson outshines everything." ~Annette S., Denver, CO

"If you just do what it says, it works!" ~Tim S., Denver, CO

Dates/Time: A 4-hour course, one-hour sessions on Mondays at 7:00 p.m. MST  
September 11, 18, 25, October 2, 2017
